

# 30 Day FREE Trial Request Form

Fax: 603-893-4558

We've learned over the years that comfort is a fairly reliable measure of an ergonomic product's worth. We encourage everyone interested in the RollerMouse Classic or RollerMouse PRO to try it out first, before buying, to make sure that it is making a positive difference for you.

Computer users from any US major industry, education, or government institution are invited to obtain a 30 Day FREE Trial of the RollerMouse Classic or RollerMouse PRO by completing the form below. We will honor and ship your request so you may begin a 30-Day free trial. When the trial period is over, you become the expert and judge if the product is working out well for you or your employee. It is completely your decision to keep and pay for the product or simply return it to us. (Please contact us if you are outside the USA. We will help locate a dealer.)
